La Colline is a Swiss cosmetics brand that benefits from the Swiss network of excellence, which is internationally recognized for its high standards and precision. It offers exceptional rituals ranging from products made only in Switzerland to cabin protocols. Its mastery of the complex formulation, of which the **CMAge®** complex is the signature anti-aging element, allows it to develop the best care offer possible, combining safety, efficiency and sensoriality, with a global ambition: to sublimate the beauty and well-being of everyone while working for a better world.

An intensive five-week program, **Clar•Ology** is dedicated to skin's radiance, through three concentrated formulas.

Developed from the concept of the benefit of light, the program is enriched with **LUX-Factor**:  
A soya-cress combination of two natural extracts, it provides dual action - anti-aging and anti-dark spots. Together, they visibly even skin tone by correcting pigmentation irregularities.

## Week 1: Starter Pre-Serum

### Starter Pre-Serum

**Starter Pre-Serum**, in a jellified texture, is to be applied to the face and neck.

This first step offers skin the potency of **LUX-Factor** associated with a soft yet efficient exfoliation in preparation for the next step of the program.

*Morning and night, for one week:*

*Apply six drops of **Starter Pre-Serum** to face and neck, massaging into skin using a gentle circular motion.*

*Follow with the daily serum and cream.*

*A sun protection cream on top for the day is highly recommended.*

*Precautions for use: avoid contact with eye contour. Avoid contact with eyes. In case of contact with eyes, wash thoroughly with water.*

*Storage instructions: store at room temperature (15-25°C) and away from light.*

## Weeks 2 to 5: Activator Serum and Intensifier Cream

### Activator Serum

**Activator Serum** is enriched with **LUX-Factor** and **Stabilized Vitamin C**, an ingredient known to act on the reduction of the appearance of pigmentation spots.

Apply morning and night for 4 weeks to the face and neck before **Intensifier Cream**.

Each week, use a new bottle of **Activator Serum**.

*Each new bottle has to be activated once as below\*:*

*1 - Take off the cap*

*2 - Push onto the actuator until it clicks*

*3 - Shake until the solution is evenly mixed*

*4 - Use 1 to 2 pressions for each application*

*Precautions for use: avoid contact with eye contour. Avoid contact with eyes. In case of contact with eyes, wash thoroughly with water.*

*Storage instructions: store at room temperature (15-25°C) and away from light.*

### Intensifier Cream

With a soft and melting texture, **Intensifier Cream** offers the power of **LUX-Factor**, combined with a vegetal cocktail (White Mulberry, Scutellaria, Saxifrage and Grape) dedicated to a radiant complexion. The formula is also enriched with **Glycerin** and **Shea Butter** to hydrate and comfort skin.

Morning and night, for 4 weeks, after **Activator Serum**.

Each week, use a new jar of **Intensifier Cream** and apply to the face and neck.

*Precautions for use: avoid contact with eye contour. Avoid contact with eyes. In case of contact with eyes, wash thoroughly with water.*

*Storage instructions: store at room temperature (15-25°C) and away from light.*
