LIFT & LIGHT

Located in the foothills of the Swiss Alps, La Colline Cellular Research Laboratories has built a reputation for its technical skills in oxygenation and cell renewal. Its development conforms to stringent requirements and great accuracy, with the exclusive **CMAge®** as the key element. As the secret to well-moisturized, protected, glowing skin, it is the very essence of La Colline beauty care.

La Colline defines skin perfection by associating the cutaneous relief and skin tone. More even and smoother skin perfectly reflects light, a radiation of perfection.

La Colline has developed **LIFT & LIGHT**, a collection inspired by the chromatetry principles.

Chromametry measures the colours through three parameters to make light optimum:

- The L* parameter for brightness, from the darkest tint to the brightest, leads to the reduction of shadowy areas by lifting wrinkles and fine lines and tightening pores.
- The a* color parameter, on an axis from red to green, leads to toning down of cutaneous redness due to dryness and external aggressions.
- The b* color parameter, on an axis from yellow to blue, leads to the balance of yellowish tones caused by pigmentation spots.

LIFT & LIGHT offers a global answer to target all three parameters to illuminate skin and improve its quality.

Global Illuminating Serum

This serum brightens and visibly lifts the shadowy zones while toning down pigmentation spots and redness. Skin is smoother and brighter.¹

*Apply morning and night to the face and neck before **Global Illuminating Cream**.*

Precautions for use: Avoid contact with eyes. In case of contact with the eyes or eye contours, rinse abundantly with water.

Global Illuminating Cream

This perfect radiance skincare offers comfort to the skin, leaving a silky and velvety finish. Skin is soothed and plumped, redness is diminished. Skin quality is improved: complexion is more even and dark spots are less visible, skin is smoother and firmer, while shadow areas seem erased thanks to the immediate tensing effect.²

*Apply morning and night to the face and neck after **Global Illuminating Serum**.*

Illuminating Neck and Décolleté Care

This care is enriched with **Lumen'up** to promote skin firmness mechanism. Neck is toned and firmed thanks to an immediate lifting effect. More even, firmer, décolleté regains its luminosity.³

Morning and night, apply in upward motion to the neck and décolleté.

Precautions for use: Avoid contact with eyes. In case of contact with the eyes or eye contours, rinse abundantly with water.

1 Test with twice daily application on 20 volunteers over 28 days.

2 Test with twice daily application on 30 volunteers over 28 days.

3 Test with twice daily application on 30 volunteers over 28 days.
