www.lacolline-skincare.com

Located in the foothills of the Swiss Alps, La Colline Cellular Research Laboratories has built a reputation for its technical skills in oxygenation and cell renewal. Its development conforms to stringent requirements and great accuracy, with the exclusive **CMAge®** as the key element. As the secret to well-moisturized, protected, glowing skin, it is the very essence of La Colline beauty care.

Moisture Boost**, the Youth Hydration Collection formulated by La Colline. At the heart of these formulas, a unique complex: the **HydraCell Factor**. The complex is made up of active ingredients that have been selected to plump skin and offer ideal hydration.

- A biomimetic and fractionated **Hyaluronic Acid** for optimized skin assimilation, combined with **Encapsulated Swiss Minerals**, to plump and quench skin
- An **Exo-Polysaccharide** from marine biotechnology which promotes hyaluronic acid synthesis by cutaneous cells
- **Oligosaccharides** from Wild Pansy which promote aquaporin synthesis, the cells' irrigation canals, promoting water circulation to skin
- **Polyphenols** from Alpine Rose leaves that protect skin from oxidation and help delay signs of aging

Cellular Youth Hydration Serum

Cellular Youth Hydration Serum offers skin a fresh skin-merging texture. Formula with the highest concentration of **HydraCell Factor**¹, it is also enriched with Glycerin, well-known for its humectant power to reinforce hydration.²

*Apply morning and night to the face and neck before **Cellular Youth Hydration Cream or Balm**.*

Cellular Youth Hydration Cream

Cellular Youth Hydration Cream offers hydration¹ and softness in a thin and light texture, leaving to the skin a fresh-powdery finish. For better hydration, the formula is also enriched with Squalane, component of hydrolipidic film of the skin.²

*Apply morning and night to the face and neck after **Cellular Youth Hydration Serum**.*

Cellular Youth Hydration Balm

Cellular Youth Hydration Balm offers hydration¹ and comfort in an unctuous and generous texture, leaving to the skin a velvet and delicate finish. Its formula is also rich in Shea Butter, well-known for its nourishing properties.²

*Apply morning and night to the face and neck after **Cellular Youth Hydration Serum**.*

Swiss Alps Cellular Mist

Swiss Alps Cellular Mist, the nomad hydration by La Colline. Skin is quenched and refreshed by the fine diffusion that leaves a powdery moisturizing³ veil on the skin.⁴

Apply in the morning and as often as necessary to the face and neck.

Cellular Eco-Hydration Treatment

Cellular Eco-Hydration Treatment offers a hydro-jellified texture containing 3 Hyaluronic Acids of low, medium and high molecular weights. They have been associated for their complementarity to hydrate and intensely recharge skin of hydric¹ resources in 28 days.²

*Apply morning and night to the face and neck before **Cellular Youth Hydration Cream or Balm**, in substitute of **Cellular Youth Hydration Serum**.*

Avoid contact with eyes. In the event of contact with eyes, rinse with water. If irritation persists, consult a doctor. Keep out of reach of children.

Cellular Youth Hydration Mask

Cellular Youth Hydration Mask offers skin a moisturizing³ bath to immerse it in a fresh and enveloping texture. Its formula is enriched with a **hydrating Polysaccharide** and **Jojoba Oil** selected for its emolliating and softening properties. Skin is luminous, invigorated, as resourced.⁵

Apply one to three times per week to the face. Leave on for 10 to 15 minutes, then rinse with lukewarm water.

**We at La Colline Laboratories thank you for the confidence you have shown in us.
 To find out more about the performances of the products that are best for your skin,
 feel free to ask your La Colline beauty consultant for advice.**
