Soin Visage Absolu

Absolute Face Care

1. RADIANCE SMOOTHING GESTURE LISSAGE ECLAT

Press three times the base of the bottle of **NATIVAGE L'Essence** to deliver the right dose into the palm of your hand. Delicately smooth the face and neck with the tips of the fingers with upwards movements, from the center of the face outwards.

Exercez trois pressions à la base du flacon de **L'Essence NATIVAGE** pour déposer la juste dose au creux de votre main. Lissez délicatement le visage et le cou du bout des doigts, en mouvements ascendants, de l'intérieur du visage vers l'extérieur.

2. FIRMING WINGS GESTURE BATTEMENTS D'AILES RAFFERMISSANT

Perform soft upward tapping with the middle and ring fingers, like the flapping wings of the Swiss black bees that offer Repairfection Nectar, on one side of the face and then the other side, with special attention to the areas that lack firmness and radiance.

Tel le battement des ailes de l'abeille noire suisse nous offrant le Repairfection Nectar, réalisez de légers battements ascendants avec le majeur et l'annulaire, d'un côté du visage puis de l'autre, en insistant sur les zones nécessitant fermeté et éclat.

3. INFINITE BEAUTY REGENERATING GESTURE MOUVEMENT REGENERANT DE L'INFINIE BEAUTE

With the forefinger and the middle finger of the other hand, perform three times the infinite beauty gesture with a figure 8 around the eyes for an open, rejuvenated and smoothed look.

Avec l'index et le majeur d'une main, réalisez 3 fois le mouvement de l'infinie régénération en forme de "8" enveloppant le contour de l'œil, pour un regard ouvert, rajeuni et lisse.

La Cure

La Colline is a Swiss cosmetics brand that benefits from the Swiss network of excellence, which is internationally recognized for its high standards and precision. It offers exceptional rituals ranging from products made only in Switzerland to cabin protocols. Its mastery of the complex formulation, of which the **CMAGE®** complex is the signature anti-aging element, allows it to develop the best care offer possible, combining safety, efficiency and sensoriality, with a global ambition: to sublimate the beauty and well-being of everyone while working for a better world.

At the origin of **NATIVAGE**, a technological innovation: **Cellular Eco-Regeneration. CELL LIFE EXTENDER Complex** is the core ingredient of each creation from this Global Anti-Aging collection. A precious Eco-Regenerating ingredient, **CELL LIFE EXTENDER** transforms free radicals into Water and Oxygen*, the two main sources of vitality for skin.

Always striving for the quintessence of anti-aging effectiveness, La Colline developed **NATIVAGE La Cure**.

Its formula supplements four powerful technologies: **CMAge®**, **Cell Life Extender**, **Endo-Skin Technology** and **Repairfection Nectar**.

An intensive one-month programme, **NATIVAGE La Cure** is composed of a precious and evanescent texture: **L'Essence**.

Each of the programme's four bottles contains the perfect amount of L'Essence for one week, to allow twice-daily application to the face and neck for 28 consecutive days.

After one month, **NATIVAGE La Cure** has diffused its powers at the very heart of the epidermis. Skin is softer, smoother, firmer and more supple. Beautifully luminous, the face radiates a new youth. Skin's texture approaches perfection.

La Colline's signature gesture:

For optimal absorption, apply **L'Essence** following the **NATIVAGE** three-step gesture illustrated at the end of this leaflet.
